A PICTURE MAY BE WORTH A THOUSAND WORDS— BUT A FEW CHOICE WORDS CAN SPEAK VOLUMES! • If Ignorance Is Bliss, Why Aren't More People Happy? • Bottled Water Is for Suckers • Clones Are People Too • At Least the War on the Environment Is Going Well • Don't Believe Everything You Think • The Revolution Will Be Tweeted Long before blogs, tweets, and sound bites, people were telling the world how they felt in brief, blunt bursts of information plastered on the backs of their cars. Whether they're political or religious, passionate or proud, controversial or corny, these brightly colored, boldly lettered mini manifestos are declarations of who we are, where we stand, and what we'd rather be doing. But as bestselling author and noted philosopher Jack Bowen reveals, there's much more to the pop-culture phenomenon of bumper stickers than rolling one-liners and drive-by propaganda—no less, in fact, than a wise, funny, poignant, contentious, and truthful discourse on the human condition. Mixing pop culture with the ideas of historically prominent philosophers and scientists, *If You Can Read This* exposes the deeper wisdom couched behind these slogans—or, as need be, exposes where they have gone wrong. If you brake for big ideas, now's the time.

The Harry Potter series forms a single epic story that has been published in nearly 70 languages, and has been examined in a large number of disciplines. This collection of essays contributes to the scholarly discourse that forms Potter Studies. These essays take on the consideration of Rowling's work as being worthy of study as a phenomenon and influence, as well as a work of literary value. They add genuine statistical information about the reasons for the books' popularity, consider their effects on child readers, and examine some deep-rooted reasons for their having been manipulated in American publishing, in film adaptations, in musical complements, and in their thingification in popular culture around the world. Some of these essays take on the critics of the books' religion and considerations of psychological, as well as philosophical good and evil, and well as some stylistic anomalies. The fact that scholars from China, Germany, Poland, Romania, and Israel, in addition to English-speaking nations, have felt compelled to examine these books in detail testifies in part to Harry Potter's world-wide influence.

"Char is the mentor we all deserve. In *You Are Psychic* she skillfully and compassionately helps you evolve those little whispers in the back of your mind into full-blown psychic intuition." —Chris Colfer, #1 New York Times bestselling author of *The Land of Stories* series and award-winning actor
For the first time ever, America's most beloved psychic Char Margolis shares the secret to tapping into your own psychic ability. Margolis has left clients and audiences awestruck and transformed countless lives with her profound psychic abilities, but never before has she shared how readers can access these abilities themselves. In her previous book *The Universe is Calling You*, Margolis shared how we can all tap into the vast energy of the universe, but now, in *You Are Psychic*, she opens another dimension of wisdom, teaching readers how to connect with the universal energy in a new way in order to tap into their own psychic strength. In seven simple, yet profound steps Margolis will help you discover and embrace your natural psychic abilities, connect with powerful positive energy, and protect your own energy at the same time. *You Are Psychic* is an invitation to a whole new way of being that will allow you to unleash the magic within.

School for Psychics Penguin

A story of self, braided to a story of American culture. Uniting personal history with cultural history,

Dark Affinities, *Dark Imaginaries* tells a story of a mind, a time, and a culture. The vehicle or medium of this excursion is an overview and sampling of the author's work, and what is revealed are cautionary tales of a once-aspiring egalitarian democracy confronted with plutocracy's gentrification; of analog history and off-line life superseded by a rush toward virtualized, robotic, AI transformation of the human life-world; of everything social and public giving way to everything personal and opinionated. The vagaries of a lifetime of paths taken are woven together by a narrative that reveals in every piece a significance that was only partially present at its initial writing. Thus, the reader becomes involved in a developing story of a certain personal psyche working toward understanding its own development within a changing American culture. Sometimes angry, sometimes joyful, but always curious and wry, Joseph Natoli crosses the boundary lines of psychology, politics, literature, philosophy, education, and economics to show how we bring ourselves and our cultural imaginaries simultaneously into being through the processes and pleasures of thinking beyond the confines of the personal. Now retired, Joseph Natoli spent more than four decades teaching at the university level and twenty years as the editor of the SUNY book series in Postmodern Culture. He is the author of many books, including *Hauntings: Popular Film and American Culture 1990-1992*; *Speeding to the Millennium: Film and Culture 1993-1995*; *Postmodern Journeys: Film and Culture 1996-1998*; *Memory's Orbit: Film and Culture 1999-2000*; and *This Is a Picture and Not the World: Movies and a Post-9/11 America*, all published by SUNY Press.

"A powerful guide to managing your energy in these changing modern times. Covering everything from clearing your energy field to protecting your energy online, this book is a powerful guide to energy protection that you will return to again and again." —Rebecca Campbell, bestselling author of *Light Is the New Black*
Protect Your Light introduces a modern, comprehensive, step-by-step system of clearing, shielding, and strengthening your energy. It's the first book to address energy attack on social media, empowering readers with practical methods for protecting their energy online. Energy protection is the art of being energetically authentic. It is about managing your energy interactions with the surrounding world to ensure that your thoughts, emotions, and behavior are aligned with your purpose and authenticity, rather than being influenced by external energy sources. Essentially, energy protection ensures that what's ours is ours and what's theirs is theirs. *Protect Your Light* empowers readers with a toolkit of tried-and-tested energy protection processes for identifying and clearing energy attachments from their energy field, along with shielding processes that repel and transmute energy attacks, while also strengthening the natural energetic defenses. In this book, you'll get the chance to: Turn on your inner vision to scan for different types of energy attack
Cleanse your aura of negative energy attachments that restrict your wellbeing
Learn rituals and meditations to shield your aura from unwanted people and energy
Equip yourself with brand-new, revolutionary processes to protecting yourself online
By the end of the book, you'll have filled your spiritual toolkit with powerful energy clearing and shielding processes, and utilized a proven 7-step system to protecting your energy from toxic people and vibrations.

Last year, Teddy Cannon discovered she was psychic. This year, her skills will be put to the test as she investigates a secretive case that will take her far from home—and deep into the past in the thrilling follow-up to *School for Psychics*. With trepidation, Teddy enters her second year at The Whitfield Institute, a facility hidden off the coast of San Francisco where students master telepathy and telekinesis, investigative techniques and SWAT tactics for covert roles in government service. She has been obsessively tracking the movements of the Patriot Corps, a secret organization that seems to be behind a string of crimes on US soil—including the disappearance of her friend, Molly. She is not sure who she can trust with her findings: her friends think she is crazy and her teachers insist she focus on her schoolwork. Teddy tries to do what she is told. She tries to forget about her missing friend, her long lost birth parents, her rivalry with other students, even her forbidden romance with an instructor. She learns to be a meat shield: a Secret Service operative trained to protect whatever dummy they throw her way. She learns to disarm explosive devices. She also learn to transport herself through time, as she begins to grasp astral travel (that is, if she doesn't get lost in the time-space continuum). But Teddy has never been good at following the rules. So when an unexpected assignment leads her to the answers she's chased for so long, and reveal a clue about her own past, she takes a risk that puts everyone else she cares about in danger. The next book in the series that Kirkus Reviews called "Harry Potter with a cast of millennials," K.C. Archer's *The Astral Traveler's Daughter* is a heart-racing novel set in a world very much like our own—but there is more to this place than meets the eye.

Seventy Thousand Veils is an in depth guide to the topic of universal energy and helps readers forge a more meaningful connection with the world. It sheds light on dowsing, crop circles, ley lines, holy relics, the occult, exorcism, and angels both good and evil and probes how all of these emit extraordinary energy frequencies that ultimately impact on mankind for better or for worse.
Hartmann's Who's who in Occult, Psychic and Spiritual Realms...in the United States and Foreign Countries Penguin

Good Spirits, Bad Spirits—How to Distinguish Between Them is an explanation of the invisible world of occult spirits, variously known in the New Age as "channeled Spirits," spirits from God, God himself, spirits of sorcery or magic, and prophetic spirits. *Good Spirits* gives the reader a broad overview of occult spirit intentionality embodied in hidden goals and multi-generational plans. Given the benefit of an eternity in which to achieve their goals, occult spirits have honed the tricks of their supernatural trade to a fine art, the art of persuading humans. This skill is evident in channeled books such as *Conversations with God* and *Messages from the Masters*. Through channeling and other means of contact such as the "harmless" ouija board, occult spirits can wage spiritual and sometimes physical destruction in the lives of ordinary individuals. The purpose of the spirits are most easily achieved through their creation of the famous personality, whom they shepherd from childhood. By lending their human agents the use of apparent occult powers, such as contacting of "the dead" and foreseeing the future, the spirits are able to spread their influence over the many, while concealing their own malicious motives.

This book creates an awareness of our 'excessive' fear of mental pain: the ubiquitous abhorrence of inner distress functions as a gravitational force that may ultimately impede both maturation and creativity, as if we were facing a choice between utilising our inner suffering, or else being overwhelmed by our fear of its inertial power. Psychoanalytic interpretation is the effort to render pain more approachable, and bearable enough for us to move forward, to avoid the escapes of pathology and somatisation. This exploration is in fact an urgent concern, both clinically and socially. At the centre of psychoanalytic culture, and of the humanities in general, the question of inner pain propels us to refocus research on the psychic transition towards agency, as contrasted to acquiescing in an outlook of passivity and recourse to innumerable anaesthetics. We believe that in psychoanalysis we can gain a microscopic view of inner phenomena and also a back-stage perspective of our vicissitudes.

From "a master storyteller"(Booklist (starred review) comes more magic, knitting, and love in the delightful follow-up to *Casting Spells*. Knit shop owner and sorcerer's daughter Chloe Hobbs felt the Fates finally got it right when she met Luke MacKenzie. And no one could have convinced her otherwise-including the trolls, selkies, or spirits who also call Sugar Maple, Vermont, home. But then out of nowhere Luke's ex-wife suddenly shows up, claiming to see the spirit of their daughter, Steffie-a daughter Chloe knows nothing about. Steffie's spirit is being held hostage by a certain Fae leader. And if Chloe weaves a spell to free her spirit, her nemesis will also be free-free to destroy her yarn shop and all of Sugar Maple. But if she doesn't, Steffie won't be the only one spending eternity in hell. Chloe'll be joining her, cursed with a broken heart.

Over 265 pages which include a collection of essays on how to perform mentalism for children, plus over forty effects from performers around the world including: Mark Strivings, David Kaye, Tim Mannix, Paul Romhany, Richard Webster, Andrew Gerard, Wayne Rogers, Tony Binarelli, Bev Bergeron, Him Kleefeld, Keith Field, Danny Archer, Andrew Gerard, Jack Dean, Greg Arce, Anthony Lindan, E. Raymond Carlyle, Professor Spellbinder, Matthew Johnson, Tony Chris, Cris Johnson, Reg Blackwood, Ken Ring, Christopher Taylor, Christopher Berry, TC Tahoe, Ozzy D, Magical Michael, Magic George, Ken Dyne, Jasper Blakeley, Ray Roch. This book covers performing mentalism for ages five to fifteen, and is aimed at mentalists and magicians who perform for children and family audiences. "The rest of this book is a treasure trove of fascinating mental effects that your young - and not so young - audiences will enjoy. These wonderful effects are so good that I'm tempted to dust off my old Riccardo outfit and start performing again. I know you'll enjoy this book, and will come back to it again and again in the future. If you have any doubts

whatsoever about performing mentalism for children, try one or two of the effects in this book. I know you'll change your mind. Thank you, Paul, for compiling and publishing this valuable book." - Richard Webster "As for kids mentalism. The funny thing is people think of kids three or four years old when you say kids. This is rarely the case, even for regular kids performers. People do not give kids enough credit for being smart. They get mentalism. They get mindreading even at the age of five and six. I do think it can be done and have done it. Now yes, the times I did it the kids were eleven, and up but they get it. They certainly understand when Harry Potter gets a psychic image." - Banachek *Performing Mentalism for Children* by David Kaye *The Precognitive Phinger Puppet* by Mark Strivings

I'm not a demon hunter, and I don't believe we'll be eaten by all things demonic. This could not be further from the truth. I'm writing this book because I've had to deal with the demonic when it's come into contact with me. To advance to the next level, I needed to break through. If we are bringing God's Kingdom to the Earth, it would be absurd for us to believe we will not have to deal with the demonic realm. Every time I confronted a challenge, God rewarded me with enlightenment that enabled me to overcome. Those revelations are being passed on to you. You are to be a Lord's fighter. Are you prepared for it? Every day, a large number of Christians are pursuing the devil. When Satan's diabolical domain prevents me from moving forward, I go after the enemy. We are not to pursue the devil himself, according to the Bible. We are to foil his plots and devilish schemes. There's no need to be afraid of the adversary because Jesus is alive, and He who lives in us is greater than he who lives in the world. 6:11 (Ephesians) Put on the complete armor of God so that you can stand against the devil's schemes. This book will take you on a journey through some of the most powerful demonic entities ever encountered. I understand that as you begin to read this book, the enemy may try to persuade you not to finish it. Press on and open your heart as you receive God's mysteries of the Demonic Realm if you wish to be a competitor for God's Glory. God is assembling his army and preparing us to face whatever the devil has in store to prevent us from bringing the Kingdom of Heaven on Earth. May the insights of the Demonic Realm bless you as you read this book.

Behind the magic of Harry Potter—a witty and illuminating look at the scientific principles, theories, and assumptions of the boy wizard's world, newly come to life again in Harry Potter and the Cursed Child and the upcoming film *Fantastic Beasts: The Crimes of Grindelwald* Can Fluffy the three-headed dog be explained by advances in molecular biology? Could the discovery of cosmic "gravity-shielding effects" unlock the secret to the Nimbus 2000 broomstick's ability to fly? Is the griffin really none other than the dinosaur Protoceratops? Roger Highfield, author of the critically acclaimed *The Physics of Christmas*, explores the fascinating links between magic and science to reveal that much of what strikes us as supremely strange in the Potter books can actually be explained by the conjurings of the scientific mind. This is the perfect guide for parents who want to teach their children science through their favorite adventures as well as for the millions of adult fans of the series intrigued by its marvels and mysteries. • An ALA Booklist Editors' Choice •
