Vasco da Gama's voyage to India in the late fifteenth century opened up new economic and cultural horizons for the Portuguese. Undertaken at the height of Portugal's maritime influence, it helped to create an oceanic state ranging from the Cape of Good Hope to China. While Portugal's direct political influence in Asia was comparatively short-lived, its linguistic influence remains. Here Shihan de Silva Jayasuriya charts the influences of the Portuguese in more than 50 Asian tongues, illustrating the extent of Lusitanian links. Luso-Asian influence became engrained in eastern cultures in more subtle ways than other the European empires which followed, such as the Portuguese oral traditions in folk literature, now embedded in postcolonial Asian music and song. These Portuguese cultural legacies are a lasting reminder of an unexpected outcome of seaborne commerce. *Dicionário de literatura* SciELO - Editora da UFRGS

Considering that introductory books cannot replace an author's original words,and that Bion’ s concepts are often found to be difficult to grasp, Dr Sandler has compiled an unusual style of dictionary. He assembles. He assembles relevant quotations from Bion's texts together with the meaning of concepts and their place in the history of their development.

Bibliographic Guide to Latin American Studies Oxford University Press

An invaluable tool for learners of Portuguese, this Frequency Dictionary provides a list of the 5000 most commonly used words in the language. Based on a twenty-million-word collection of Portuguese (taken from both Portuguese and Brazilian sources), which includes both written and spoken material, this dictionary provides detailed information for each of the 5000 entries, including the English equivalent, a sample sentence, and an indication of register and dialect variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are also thrity thematically-organized ‘boxed’ lists of the top words from a variety of key topics such as sports, weather, clothing and relations. An engaging and highly useful resource, A Frequency Dictionary of Portuguese will enable students of all levels to get the most out of their study of Portuguese vocabulary.

The Language of Bion Christina Ross

Jose de Alencar’s prose-poem Iracema, first published in 1865, is a classic of Brazilian literature--perhaps the most widely-known piece of fiction within Brazil, and the most widely-read of Alencar;s many works. Set in the sixteenth century, it is an extremely romantic portrayal of a doomed live between a Portuguese soldier and an Indian maiden. Iracema reflects the gingerly way that mid-nineteenth century Brazil dealt with race mixture and multicultural experience. Precisely because of its nineteenth-century romanticism, Iracema strongly contributed to a Brazilian sense of nationhood--contemporary Brazilian writers and literary critics still cite it as a foundation for their own work.

Brazilian Bodies and Their Choreographies of Identification Routledge

Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it, and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, The 12th Planet is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. The 12th Planet brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki, and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.

Battlefield of the Mind Bantam

One night with him awakened my senses. One more night with him threw everything into question. Everything I thought I knew about myself. My name is Abby Evans. I was raised by a God-fearing mother determined to turn me into the good girl she always wanted me to be. For twenty-five years, she succeeded. Until the one night she didn’t. That night, I had a one-night stand with a stranger. And already I can sense something within me that wants to break free.

MLA International Bibliography of Books and Articles on the Modern Languages and Literatures Franklin Classics

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of

the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

From 1990 1994 the Danish Research Council for the Humanities granted a research project entitled translation of LSP texts, which was initially split up into five part-projects, one of which has been concerned with LSP lexicography."The Manual of Specialised Lexicography" is one of the results of the research undertaken by this project. The primary purpose of the Manual is to contribute towards an improved basis for practical specialised lexicography, which has so far had but a small share in the explosive development that has taken place in general-language lexicography since the early 1970s. One implication of this is that only to a limited extent has it been possible to build upon existing findings.The Manual thus has the twofold aim of offering guidance and direction to authors of specialised dictionaries as well as contributing towards the further development of lexicographical theories.

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung’s revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life’s work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, Man and His Symbolsis a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, Man and His Symbols proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

Brazilian Bodies, and their Choreographies of Identification retraces the presence of a particular way of swaying the body that, in Brazil, is commonly known as ginga . Cristina Rosa its presence across distinct and specific realms: samba-de-roda (samba-in-a-circle) dances, capoeira angola games, and the repertoire of Grupo Corpo.

The Archetypes and the Collective Unconscious Important Books

Embora o conteúdo deste livro esteja focado na análise das entrevistas com ex-dirigentes e militantes do integralismo, no seu “Epílogo: ainda a tentação fascista no Brasil?” discute-se a nova conjuntura mundial e brasileira. Não se pode subestimar a importância dos novos populismos de direita que, desde a década de 1980, emergiram na Europa, especialmente os partidos, movimentos e governos que tiveram uma ascensão considerável nos principais países. Hoje o Integralismo faz parte da literatura internacional sobre o fascismo. Para Stanley Payne (University of Wisconsin), “o único que alcançou real importância e que, de fato, se converteu no único grande partido latino-americano que se aproximou em quase todos os aspectos do fascismo europeu, foi a AIB de Plínio Salgado, fundada em 1932”. Para além de um trabalho acadêmico o livro traduz de forma extraordinária o que o fascismo significou para os brasileiros que se uniram ao movimento, o surgimento de Plínio Salgado, seu líder, no contexto político do início da década de 30, a organização e, o que é mais importante, o espírito e estilo do movimento. Trata-se de uma obra que nos permite salientar adequadamente temas comuns que definem um movimento como nitidamente fascista, possibilitando descobrir as variedades de fascismo dentro de sua unidade básica e aprofundar a análise das diversas famílias ideológicas no interior do fascismo.

Begin your journey into Middle-earth... The inspiration for the upcoming original series on Prime Video, *The Lord of the Rings: The Rings of Power*. *The Fellowship of the Ring* is the first part of J.R.R. Tolkien's epic adventure *The Lord of the Rings*. One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them. Sauron, the Dark Lord, has gathered to him all the Rings of Power—the means by which he intends to rule Middle-earth. All he lacks in his plans for dominion is the One Ring—the ring that rules them all—which has fallen into the hands of the hobbit, Bilbo Baggins. In a sleepy village in the Shire, young Frodo Baggins finds himself faced with an immense task, as his elderly cousin Bilbo entrusts the Ring to his care. Frodo must leave his home and make a perilous journey across Middle-earth to the Cracks of Doom, there to destroy the Ring and foil the Dark Lord in his evil purpose.
