From GPO Bookstore's Website: Authors with diverse backgrounds in science, history, anthropology, and more, consider culture in the context of the cosmos. How does our knowledge of cosmic evolution affect terrestrial culture? Conversely, how does our knowledge of cultural evolution affect our thinking about possible cultures in the cosmos? Are life, mind, and culture of fundamental significance to the grand story of the cosmos that has generated its own self-understanding through science, rational reasoning, and mathematics? Book includes bibliographical references and an index.

Dongri to Dubai is the first ever attempt to chronicle the history of the Mumbai mafia. It is the story of notorious gangsters like Haji Mastan, Karim Lala, Varadarajan Mudaliar, Chhota Rajan, Abu Salem, but above all, it is the story of a young man who went astray despite having a father in the police force. Dawood Ibrahim was initiated into crime as a pawn in the hands of the Mumbai police and went on to wipe out the competition and eventually became the Mumbai police's own nemesis.The narrative encompasses several milestones in the history of crime in India, from the rise of the Pathans, formation of the Dawood gang, the first ever supari, mafia's nefarious role in Bollywood, Dawood's move to Karachi, and Pakistan's subsequent alleged role in sheltering one of the most wanted persons in the world.This story is primarily about how a boy from Dongri became a don in Dubai, and captures his bravado, cunningness, focus, ambition, and lust for power in a gripping narrative. The meticulously researched book provides an in-depth and comprehensive account of the mafia's games of supremacy and internecine warfare.

In the fourteen years of NDTV's Walk The Talk Shekhar Gupta has interviewed more than 600 stellar guests-an outstanding feature for one of Indian TV news channel's most respected shows is the wide diversity of its guests. These range from heads of states to national, regional and international politicians and public figures, from Indian and global film stars to Nobel Laureates, scientists, economists, sports stars (not limited to cricket), spiritual gurus, business tycoons, philanthropists and, of course, activists. This book focuses exclusively on political leaders and public figures. Many of these conversations are path-breaking, and some extremely rare. For example, leaders like Sonia Gandhi and former prime minister P.V. Narasimha Rao have never before engaged in freewheeling, recorded conversations in such detail. Others have broken new ground since-Narendra Modi, L.K. Advani, Pranab Mukherjee, Mayawati and even M. Karunanidhi. There are also global thought leaders and heads of state: David Cameron, Henry Kissinger, and Pushp Kamal Dahal 'Prachanda', among others. There is also the rarest of rare interviews with the former RSS chief K.S. Sudarshan. It was challenging to choose just twenty-five political personalities and voices to feature in this selection. And one criterion has been to try and pick those conversations that mark political shifts and change. Hopefully, these will help provide an understanding of recent political history, and how we have reached the point we are at today, in the words of these very significant and interesting people.

Gaban, first published in 1931, five years before Premchand's death, gives us a fascinating glimpse of north Indian society, and especially of the author's own Kayasth community. But this novel also serves to put forth his own deeply-held views of the ills of that society - the insatiable love of its women for personal adornment, its failure to create fulfilling marriage relationships, and its moral corruption. This is a felicitous translation by Christopher R. King and will enable many readers to appreciate Premchand's important novel, available for the first time in English

The Jungle Book: Mowgli's Adventures Oxford University Press, USA

A discussion with a friend soon turned into a matter of self-assessment, leading to this discourse on why Bhagat Singh chose to be an atheist. Even in the face of death at a very young age, with uncanny observations and sharp questions, he forces us to re-think our foundations to faith in god.

Rudyard Kipling's tale of a young boy lost in the jungles of India introduces young children to the magic of the original classic tale. The Jungle Book: Mowgli's Adventures adapts Rudyard Kipling's timeless tale of a young boy lost in the jungles of India for young children. This delightfully written and illustrated book focuses on the magic of the jungle and the one-of-a-kind characters and fantastical situations that Mowgli finds himself in. The Jungle Book: Mowgli's Adventures tells the simple story of Mowgli, who is raised by Mother and Father Wolf and taught the ways of the jungle by Baloo the bear. While this is a faithful introduction to the classic, it doesn't attempt to cover all the action from the original story and its adaptations-the story focuses on the parts children will understand and enjoy. The Jungle Book: Mowgli's Adventures is a magical introduction children will recall when they are older and ready for the original work.

'Raat baaki, baat baaki... Hona hai jo, ho jaane do...' Sensuous, glamorous and bold, Parveen Babi set the Hindi cinema screen ablaze during the 1970s and '80s, breaking the 'pious, nice girl' mould

of the film heroine and redefining it after her own style. On screen, she sizzled in unforgettable roles in blockbusters like Deewaar, Shaan, Kaalia and Amar Akbar Anthony - while, off-screen, her bohemian and unabashed lifestyle lit up gossip columns, and her appearance on the cover of Time magazine, a first for an Indian, created a stir nationwide. Yet, for all the sensational rumours and films her life inspired, Parveen has remained something of an enigma to generations of fans. In *Parveen Babi: A Life*, Karishma Upadhyay traces the journey of a shy but ambitious girl from an aristocratic family in Junagadh, Gujarat, to a life of merciless scrutiny that comes with being in the Bollywood spotlight. Exploring with depth and sensitivity the myriad facets of the actress's life, she lays bare little-known details about Parveen's doomed romances, her obsession with the spiritual guide who advised her to quit films, the tumultuous years of battling mental illness and her tragic, untimely demise. Rich with insights from the star's friends, former lovers and colleagues, this compelling narrative captures the nuances of an extraordinary life - the highs and lows of finding fame, love and solace, and then, in the end, losing it all.

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.
