Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with

human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

Standing at the crossroads of psychology and religion, this catalyzing work applied the scientific method to a field abounding in abstract theory. William James believed that individual religious experiences, rather than the precepts of organized religions, were the backbone of the world's religious life. His discussions of conversion, repentance, mysticism and saintliness, and his observations on actual, personal religious experiences - all support this thesis. In his introduction, Martin E. Marty discusses how James's pluralistic view of religion led to his remarkable tolerance of extreme forms of religious behaviour, his challenging, highly original theories, and his welcome lack of pretension in all of his observations on the

individual and the divine.

This award-winning novel about a woman facing her past introduces Terranova to English-speaking audiences. Translated by Ann Goldstein, translator of Elena Ferrante's Neapolitan quartet. Finalist, Premio Strega, 2019 | Winner, Premio Alassio Centolibri | Selected among the 10 Best Italian Books of 2018 by Corriere della Sera Ida is a married woman in her late thirties, who lives in Rome and works at a radio station. Her mother wants to renovate the family apartment in Messina, to put it up for sale and asks her daughter to sort through her things--to decide what to keep and what to throw away. Surrounded by the objects of her past, Ida is forced to deal with the trauma she experienced as a girl, twenty-three years earlier, when her father left one morning, never to return. The fierce silences

between mother and daughter, the unbalanced friendships that leave her emotionally drained, the sense of an identity based on anomaly, even the relationship with her husband, everything revolves around the figure of her absent father. Mirroring herself in that absence, Ida has grown up into a woman dominated by fear, suspicious of any form of desire. However, as her childhood home besieges her with its ghosts, Ida will have to find a way to break the spiral and let go of her father finally. Beautifully translated by Ann Goldstein, who also translated Elena Ferrante's Neapolitan quartet, Farewell, Ghosts is a poetic and intimate novel about what it means to build one's own identity.

A Touch of Love Taylor & Francis

Quella che racconta Weigel è una storia di ascesa e caduta, di ambizioni artistiche spropositate e di scelte sbagliate. Ma è anche la storia di grandi musicisti in grado di ripensare radicalmente il ruolo della musica pop e le sue forme. Una stagione ingenua e satura di talento, in cui le possibilità della musica sembravano illimitate, e il rock pareva davvero in grado di salvare il mondo.

Music, murder ... and Madeleine. William has a lot on his mind. Firstly there's The

Alaska Factory, the band he plays in. They're no good and they make his songs sound about as groovy as an unpressed record. Secondly, there's Madeleine, his high-maintenance girlfriend whose idea of a night of passion is an Andrew Lloyd Webber musical followed by a doorstep peck on the cheek. Maybe they're not soulmates after all? Lastly, there's the bizarre murder he's just witnessed. A man lies bludgeoned to death at his feet and, unfortunately for William, there aren't too many other suspects standing nearby...

**The Closed Circle** Seven Stories Press  
Beginning in the early years of this century, Number 11 follows two friends, Alison and Rachel, as they come of age. As the narrative progresses from the aftermath of the Iraq War to the present day, its scope broadens to include others who are variously connected to these two girls: Alison's mother, a has-been singer, competes on a grisly reality TV show; Rachel's university mentor finally confronts her late husband's obsessive search for a German film he saw as a child; a young police constable investigates the seemingly unrelated deaths of two stand-up comedians; and a giant spider lurks in the darkness beneath one of London's most staggeringly expensive neighborhoods. Combining his

signature humor, psychological insight and social commentary, Jonathan Coe holds up a disquieting, unforgiving mirror in which to reflect a world where the systems are broken and everyone can—and perhaps must—name his or her own price.

A comedy for our times" (The Guardian), Middle England is a piercing and provocative novel about a country in crisis. From the frenzy of the 2012 Olympics to the aftermath of the Brexit referendum, here Jonathan Coe chronicles the story of modern Britain by way of a cast of characters whose world is being upended. There are newlyweds who disagree about the country's future and, possibly, their relationship; a political commentator who writes impassioned columns about austerity from his lavish town house while his radical teenage daughter undertakes a relentless quest for universal justice; and Benjamin Trotter, who embarks on an apparently doomed new career in middle age, and his father, whose last wish is to vote to leave the European Union. A sequel to *The Rotters' Club* and *The Closed Circle* that stands entirely alone, Middle England is a darkly comic look at

our strange new world.

A passionate, thought provoking exploration of walking as a political and cultural activity, from the author of the memoir *Recollections of My Nonexistence* Drawing together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores--Rebecca Solnit creates

a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

Birmingham, England, c. 1973: industrial strikes, bad pop music, corrosive class warfare, adolescent angst, IRA bombings. As the world

appears to self-destruct around them, they hold together to navigate the choppy waters of a decidedly ambiguous decade. *The Dwarves of Death* Gremese Editore The National Book Award finalist and debut novel by the bestselling author of *The Dinner Party*: "A readymade classic of the office-novel genre. . . .
