## HUDSON KASEY

**Lucid Dreaming** Createspace Independent Publishing Platform

Dreaming... we spend one third of our lives asleep, and yet, many of us hardly remember anything of it... Lucid dreaming is the practice of waking up, being conscious and aware during dreams. This allows you to be an active protagonist of your dreams, it allows you to experience them and remember them fully, it allows you to change them, to control them... Lucid Dreaming, A Guide for Beginners to Become Advanced Lucid Dreamers is an in-depth book on how to lucid dream. If you have never done this before, this book starts at the very beginning, teaching you how to recall your dreams, how to recognise and use dream signs, how to keep, and, more importantly, use your dream diary, leading you all the way through Mnemonic Induced Lucid Dreaming (MILD), and looking at many and alternative techniques... But it doesn't stop there: this book also introduces you to the 'Holy Grail' of lucid dreaming, Wake Induced Lucid Dreaming, or WILD, which allows you to have the most fantastical and intense dreams you have ever had... It also teaches you how to improve your mindfulness, how to interact within your dreams, giving you clear and tested techniques to learn to control your dreams, to change your nightmares into beautiful dreams, and even to learn to fly in your dreams. It also looks at modern developments in lucid dreaming, such as EILD (Electronically Induced Lucid Dreaming) and gives you an understanding of both the scientific studies and research that has been carried out in this beautiful practice and the philosophical and spiritual approach to lucid dreaming.

**Lucid Dreaming and Astral Projection** Createspace Independent Publishing Platform

Imagine being able to fly. Walk through walls. Shape-shift. Breathe underwater. Conjure loved ones—or total strangers—out of thin air. Imagine experiencing your nighttime dreams with the same awareness you possess right now—fully functioning memory, imagination, and self-awareness. Imagine being able to use this power to be more creative, solve problems, and discover a deep sense of well-being. This is lucid dreaming—the ability to know you are dreaming while you are in a dream, and then consciously explore and change the elements of the dream. A Field Guide to Lucid Dreaming, with its evocative retro illustrations, shows exactly how to do it. Written by three avid, experienced lucid dreamers, this manual for the dream world takes the reader from step one—learning how to reconnect with his or her dreams—through the myriad possibilities of what can happen once the dreamer is lucid and an accomplished oneironaut (a word that comes from the Greek oneira, meaning dreams, and nautis, meaning sailor). Readers will learn about the powerful REM sleep stage—a window into lucid dreams. Improve dream recall by keeping a journal. The importance of reality checks, such as “The Finger”—during the day, try to pass your finger through your palm; then, when you actually do it successfully, you'll know that you're dreaming. And once you become lucid, how to make the most of it. Every time you dream, you are washing up on the shores of your own inner landscape. Learn to explore a strange and thrilling world with A Field Guide to Lucid Dreaming.

**Lucid Dreaming: Gateway to the Inner Self** is the account of an extraordinarily talented lucid dreamer who goes beyond the boundaries of both psychology and religion. In the process, he stumbles upon the Inner Self. While lucid (consciously aware) in the dream state and able to act and interact with dream figures, objects, and settings, dream expert Robert Waggoner experienced something transformative and unexpected. He was able to interact consciously with the dream observer - the apparent Inner Self - within the dream. At first this seemed shocking, even impossible, since psychology normally alludes to such theoretical inner aspects as the Subliminal Self, the Center, the Internal Self-Helper in vague and theoretical ways. Waggoner came to realize, however, that aware interaction with the Inner Self was not only possible, but actual and highly inspiring. He concluded that while aware in the dream state, one has both a psychological tool and a platform from which to understand dreaming and the larger picture of man's psyche as well. Waggoner proposes 5 stages of lucid dreaming and guides readers through them, offering advice for those who have never experienced the lucid dream state and suggestions for how experienced lucid dreamers can advance to a new level. Lucid Dreaming offers exciting insights and vivid illustrations that will intrigue not only avid dreamworkers but anyone who is interested in consciousness, identity, and the definition of reality.

*Are You Dreaming?: Exploring Lucid Dreams: A Comprehensive Guide* Red Wheel/Weiser

Have you recently come across the concept of astral projection? Have you ever wondered what it would be like to have lucid dreams? Do you want to dream while you are half asleep, then wake up only to continue your dream when you return to bed? Did you know that you can have such an experience safely and without any fear? About one in ten people will have an OBE experience at some point in their lives and many will have had multiple experiences. If you are committed to learning how to have an OBE, you will experience a consciousness beyond the limits of your physical body. ' Many scientists have tried for decades to develop a concrete explanation for what causes this phenomenon but with very little progress. For centuries, these strange phenomena have fascinated doctors, scientists, religious scholars and amateur theorists. And for science it is still a mystery as to why so many people have had the same sensations and experiences during an out of body experience. If you want to discover and explore the universe that lies within your mind, then keep reading... Two manuscripts in one book: Astral Projection: A Guide on How to Travel the Astral Plane and Have an Out-Of-Body Experience Lucid Dreaming for Beginners: What You Need to Know About Controlling Your Dreams to Improve Your Sleep and Creativity Do you have experiences in your subconscious you wish to explore? Do you want to explore the universe and unravel the answers to mysteries in the non-physical dimensions? Do you want to unlock your inherent psychic abilities and discover more ways to improve yourself and get in tune with your higher self? If you answered yes to any of these questions, then this book is for you. Part one of this book provides examples of astral projection experiences, focusing particularly on how to achieve practical success, and showing you how to project out of your physical form to explore the universe at will. In part one, you will learn: How to prepare your body and mind for an exploration of non-physical dimensions. How to master the art of astral projection. How to travel the astral plane and meet higher beings and entities. How to improve your self-awareness and attain higher levels of enlightenment and spirituality. 5 Astral Projection Techniques used by experts. 8 Things You Should Know Before Attempting an OBE (Out of Body Experience). Advanced OBE techniques. How to discover and utilize your spirit guides. How to increase your clairvoyant abilities via astral projection. We all dream, and whenever you dream, you are traveling on a journey toward your inner universe. This inner universe is formed from the fabric of your very being, or existence. This inner fabric is your dream. The dream world is exciting, and it also gives you a chance to explore your inner beliefs, creativity, aspirations, goals, and everything else associated with your persona. Lucid dreaming might sound like an exotic concept, but it is backed by science. It is a skill anyone can learn and improve. Lucid dreaming helps you prevent nightmares, understand the power behind your choices, explore your creativity, become more aware of yourself, and be in complete control of your own life. Lucid dreaming is the key to self-awareness. Part two of this book will act as your guide every step along the way. In this book, you will learn about: Dreams and their meanings; Tips to prepare and get started with lucid dreaming; Relationship between lucid dreaming and astral projections; The link between lucid dreaming and shamanic journeying; Lucid dreaming techniques for beginners; Simple strategies to explore your dreamscape; Tips to protect yourself during lucid dreaming; 14 Common lucid dreaming mistakes and how to avoid them; 5 Advanced lucid dreaming techniques, and much more!
