Rey discovering fundamental truths about their characters and identity. The story is set in Monte-Vista, California, a village tucked away in a corner of the San Francisco Bay Area. Ride with the three main characters from their early days on Sting Rays, through the awkwardness of puberty and their clumsy high school attempts at gallantry, onto motorcycles, sex and drugs. WARNING: NOT SUITABLE FOR PARENTAL READING. Contains graphic language, drugs, violence, teen sex, adult themes and alternative family values that may be worth exploring. "I really enjoyed the story immensely. Reality, without offense... it re-inspired me." - Dominick "Man, it was like reliving it all over again ." - Randy (a.k.a. Goofer) The book you are purchasing was borne from the author Rick Silvestre's need to self-medicate the never-ending pain from a traumatic event early in his life. The end result is forgiveness of himself and surprisingly his father.

Once a biker chick and police informer, she had become a locally famous anti-gang activist. Michaud soon learned Thompson was a modern-day Fagin who was running her own gang of juveniles—including her own son, Beau—which preyed on the unsuspecting city, dealing dope and burglarizing homes. When Thompson had found out Iturra planned to testify against Beau in a felony case, she put out a hit on him.

A young man battles the odds to rescue a lost explorer on Canada's remote Labrador Peninsula in this "literate and exciting adventure story" (Kirkus Reviews). Radio operator James Ferguson was seriously wounded in a bombing mission during World War II. A piece of shrapnel buried in his spine, Ferguson was paralyzed, his brain damaged, and his voice silenced forever. But he never gave up fighting. For the rest of his life, Ferguson devoted himself to ham radio, tapping out messages to strangers in Canada, a passion no one in his family understood. But when he dies without ever connecting to his son, Ian, his final message will change the boy's life forever. Beside the radio, Ian finds his father's last transmission: a distress call received from the isolated Labrador Peninsula, where the survivor of a lost expedition still cries out for rescue. The authorities dismiss the story as impossible, so Ian must journey to Labrador himself. In the endless frozen landscape, he will risk his life to save another—and prove his father right. To research *The Land God Gave to Cain*, author Hammond Innes trekked across rough country, hearing the stories of the men who risked their lives to tame the exotic land. Innes was a master at weaving research, landscape, and heart-pounding action into some of the greatest thrillers of all time.

Acclaimed writer of *This is Uncool* and *Popcorn* turns his attention to the (first ever) look at the teen movie *Everyone* undergoes some kind of teenage trauma, and a fundamental way of coping, or rite of passage, is the teen movie. Yet until now there has been no book that explores this successful movie sub-genre with any depth. Step forward Garry Mulholland, who, taking his cue from his previous, hugely acclaimed pop culture list books (*This is*

Uncool and *Fear of Music*), seeks to create a pantheon of the very finest teen movies, or in Garry Mulholland's words: "I'll be doing what film critics have been loathe to do since the 1950s, and taking the entire subculture of teen movies seriously, making a constant and compelling argument that *Grease* and *A Nightmare on Elm Street* tell us a great deal more about modern life and human nature than *Citizen Kane* and *The Godfather*." From *Kes* to *Fame*, *Badlands* to the *Breakfast Club*, and *National Lampoon's Animal House* to *Twilight*, Garry Mulholland re-evaluates a much maligned genre, and brings it all back again: the good, the bad and the traumatic.

One might wonder what it is really like behind all the miles of razor wire and the tall fences in the penitentiary today. Due to many extreme controversies in today's society concerning the true meaning of the rule of law, protection of the public, fair sentencing, justifiable treatment of the incarcerated, and the brave men and women who, as correctional officers, put their lives on the line every day, it is essential to shed some much-needed light on this subject. Things have changed dramatically due to extreme political views, the increase in crime, immigration, and the idea of locking them up and throwing away the key. As a correctional officer, we see both sides of the fence. We see from "the inside looking out." It is important for society to fully understand what goes on inside a prison, and then they can make a reasonable conclusion for themselves. Change is always painful, but there is always room for much-needed change. This is a must read.

"An eye-opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords."
-Adam Winkler The gun control debate is revived with every mass shooting. But far more people die from gun deaths on the

street corners of inner city America and across the border as Mexico's powerful cartels battle to control the drug trade. Guns and drugs aren't often connected in our heated discussions of gun control-but they should be. In Ioan Grillo's groundbreaking new work of investigative journalism, he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth. Grillo travels to gun manufacturers, strolls the aisles of gun shows and gun shops, talks to FBI agents who have infiltrated biker gangs, hangs out on Baltimore street corners, and visits the ATF gun tracing center in West Virginia. Along the way, he details the many ways that legal guns can cross over into the black market and into the hands of criminals, fueling violence here and south of the border. Simple legislative measures would help close these loopholes, but America's powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment. Perhaps, however, if guns were seen not as symbols of freedom, but as key accessories in our epidemics of addiction, the conversation would shift. Blood Gun Money is that conversation shifter.

Our Father is a compelling memoir by Bruce Smith chronicling his life as a fatherless boy growing up in segregated Texas and his rise to fame and fortune as a star professional football player and real estate mogul. As his story unfolds, ghosts from his past and the lingering effects of being raised without a stable father figure, haunt him. Throughout the book, Smith takes the reader on an emotional, sometimes funny, at times painful journey, illustrating how the power of personal redemption and salvation transforms his life. A thought provoking read, it draws attention to the

problem of fatherlessness, described by social commentators as one of the most serious issues facing society today. Statistics on youth crime, addiction, drop out rates and teen pregnancy, paint a picture of the devastating effects, the lack of engaged fathers in our homes is having on children. Pastor Smith's story gives insight into the feelings of hopelessness and confusion that fatherless children, particularly boys tend to experience and the self-destructive choices they make as a result. While *Our Father* speaks candidly about the harmful effects of fatherlessness on youth and society, it is a story about hope that illustrates how through the saving power of Jesus Christ, we can all conquer our demons and triumph.

Part sport, part performance art, professional wrestling's appeal crosses national, racial and gender boundaries—in large part by playing to national, racial and gender stereotypes that resonate with audiences. Scholars who study competitive sports tend to

dismiss wrestling, with its scripted outcomes, as “fake,” yet fail to recognize a key similarity: both present athletic displays for maximized profit through live events, television viewership and merchandise sales. This collection of new essays contributes to the literature on pro wrestling with a broad exploration of identity in the sport. Topics include cultural appropriation in the ring, gender non-comformity, national stereotypes, and wrestling as

transmission of cultural values.
